

Call for Registration: 2019 E.C. Entrance Examination for Science and Technology Universities

To sustain the economic growth being recorded in Ethiopia and ensure prosperity, the government has prioritized meeting the country's need for a skilled workforce in science and technology, driving a major transformation initiative. To realize this goal, Adama Science and Technology University and Addis Ababa Science and Technology University were established with a special mandate; serving as centers of educational excellence, they are producing competent professionals in the field.

Accordingly, Adama Science and Technology University and Addis Ababa Science and Technology University wish to admit Natural Science students who took the 2018 E.C. Grade 12 National University Entrance Examination and scored 50% or higher, and who wish to pursue studies in Applied Sciences and Engineering fields starting in the 2019 E.C. academic year, by administering an additional online entrance exam.

Fields of Study:

Addis Ababa Science and Technology University		Adama Science and Technology University	
Engineering	Applied Sciences	Engineering	Applied Sciences
Architecture	Industrial Chemistry	Architecture	Applied Biology
Civil Engineering	Food Science and Applied Nutrition	Civil Engineering	Applied Chemistry
Chemical Engineering	Geology	Water Resources Engineering	Industrial Chemistry
Mechanical Engineering	Biotechnology	Chemical Engineering	Pharmacy
Electrical and Computer Engineering		Mechanical Engineering	Applied Physics
Electromechanical		Materials Science and	Applied Geology

Engineering		Engineering	
Software Engineering		Electrical Power and Control Engineering	Applied Mathematics
Environmental Engineering		Electronics and Communication Engineering	
Mining Engineering		Computer Science and Engineering	
		Software Engineering	

Registration Period:

- From August 31, 2026 G.C. to September 07, 2026 G.C. (until 12:00 AM/midnight).

Registration Location:

Applicants who meet the registration criteria can register online from any location via the website <https://stu.astu.edu.et>.

Exam Date:

The date of the exam will be announced on our websites (www.aastu.edu.et; www.astu.edu.et) after the registration period concludes.

Exam Venue:

- The exam will be taken in person at the testing center selected during registration.

Note:

- Applicants must ensure that they accurately enter their national exam admission numbers and other required information.

- Please be aware that testing centers have limited capacity; we therefore advise you to register early.
- Please note that testing centers with an insufficient number of applicants may be merged with nearby testing centers.
- No fees are charged for registration or the examination.
- The list of applicants selected to take the exam and their assigned testing centers will be announced on the websites www.aastu.edu.et and www.astu.edu.et, and communicated via email if necessary.
- Applicants are advised to begin preparing in advance for the subjects covered in the exam (Grades 9–12): **Biology, Chemistry, Physics, Mathematics, and English.**
- When appearing for the exam, applicants are required to bring a printed copy of their 2018 E.C. Grade 12 national exam admission card (or ID) and their STU's registration confirmation.
- Applicants who pass the entrance exam will not be included in the general university placement process conducted by the Ministry of Education for institutions other than the two science and technology universities.
- The university placement details for students selected based on their results will be announced on the aforementioned websites.
- Applicants who are not selected based on the criteria will be assigned to other universities by the Ministry of Education, in accordance with standard procedure.
- On the day of the exam, it is strictly prohibited for examinees to bring mobile phones, earphones, smart watches, memory storage devices, calculators, identification documents belonging to others, or any type of weapon into the examination center.
- For further information, please visit the following websites: www.aastu.edu.et; www.astu.edu.et.
